

### **Youth Sport Registration Fee Waiver**

The City of Edwardsville's Park and Recreation Department has many different youth sport programs that are available to local children. Our youth programs are designed to be inclusive for all children, regardless of their walk of life. We believe financial concerns should not inhibit a child from participating in our programs. Therefore, if the parents of the child are able to show documentation that the child receives free lunch benefits from their school district, the City of Edwardsville will waive the registration fee for that child.

If you would like more information, please contact us at:
