**Pollinator Garden Permit Application  
City of Edwardsville Page Two**

---

I am responsible for compliance with my subdivision covenants and restrictions for pollinator garden restrictions and installation. Any inaccurate information contained on this permit application may invalidate the permit. The City of Edwardsville may also require me to obtain a survey of my property prior to approval of this permit.

**NOTE: No material shall be placed in a utility easement or any public street or alley right of way unless authorized by City Council. A Pollinator Garden Permit approved and issued by the City of Edwardsville does not constitute compliance with subdivision covenants and restrictions. It shall be the responsibility of the property owner or applicant to verify placement on private property and compliance with applicable subdivision covenants and restrictions.**

**SITE PLAN must be attached** and shall be drawn in a scale large enough for clarity to reflect all of the following:

A) Location and dimensions of:

- 1) All property lines (Corner Lot shall be identified)
- 2) Buildings (Principal & Accessory)
- 3) Driveway
- 4) Patio and or Deck

B) Location of:

- 1) Fence, including distance to property line
- 2) North Directional Arrow
- 3) Label streets (bordering property)
- 4) Easements
- 5) Proposed material, Height in inches, material number as indicated on page 1 "Material to be Planted"
