

APPLICATION FOR RESIDENTIAL DEMOLITION PERMIT

NOTE: This application is for the demolition of a residential building of less than four (4) units. Future use of the site for other than residential must use "commercial" application.

The undersigned agrees to remove the building from the lot and to clear the lots of all obstructions, rubble or debris and to fill all basements, excavations or other depressions, leaving the lot in a clean and safe condition within 30 days from the issuance of the permit. Site must be re-vegetated if not redeveloped.

The undersigned agrees to complete the following for demolition:

- √ Water, gas and electric service connections and pertinent equipment shall be capped-off and removed with written verification made by the appropriate utility agency.
- √ Sanitary sewer shall be located and sealed with a concrete plug.
- √ Basement floor (if any) shall be broken-up to prevent trapping of water.
- √ All adjacent property owners shall be notified 48 hours in advance of the building being demolished.
- √ The Historic Preservation Commission shall be contacted to verify that this building is not a designated landmark or structure within a historic district.
