REQUEST FOR ZONING AMENDMENT
ZONING BOARD OF APPEALS (2 Lots or Less)
EDWARDSVILLE, IL

Instructions to applicants: To request a change in the zoning map:
1) This application for a zoning amendment must be complete.
2) You must secure a written report from the Madison County Soil and Water Conservation District, with a copy to be sent to Public Works office of the City of Edwardsville at 200 East Park Street, Edwardsville, Illinois 62025 (see attached fee schedule).
3) All requests for property to be rezoned must include a site plan with the application showing the information listed in item 6 paragraphs a), b), c), d) (an "Air Photo Overlay" from Madison County Maps and Plats for the subject property), & e).
4) You must secure a written Endangered Species Consultation Agency Action report for All vacant properties, with a copy to be sent to Public Works office of the City of Edwardsville at 200 East Park Street, Edwardsville, Illinois 62025 (see attached form).
5) Names and Addresses of all property owners within 250 feet of subject property boundaries, excluding all right-of-ways must be provided.

All information requested on this application must be provided and reports received from the Madison County Soil and Water Conservation District and the Endangered Species Report before a hearing will be scheduled for the next regularly scheduled Zoning Board of Appeals meeting.

A notice of the hearing will be published in a newspaper of general circulation in the local area at least 15 days before the hearing and the applicant/owner will be notified by certified mail of the time and place of the hearing at least 15 days prior to the hearing date. The applicant or his attorney or duly-authorized agent must appear at the hearing and present this case to the Zoning Board of Appeals or the case will not be heard and fees forfeited. Normally there are only two primary reasons for a change in zoning: (1) the original zoning was in error; (2) the character of the area has changed to such an extent as to warrant rezoning. The burden of providing substantiating evidence rests with the applicant. Applicants are encouraged to contact the Office of the Zoning Administrator should they have any questions concerning the application.

Applications for Zoning Changes:

By authority of the *Illinois Soil and Water Conservation District’s Law*, the Madison County Soil and Water Conservation District is required to furnish the appropriate agencies a written report of the natural resource information regarding proposed changes in land use within a district boundary.

The fee for this service will be:

- 0 to 10 acres $50
- 10 to 15 acres $75
- 15 acres and higher $100

Payments should be made to the:
Madison County Soil and Water Conservation District
7205 Marine Road
Edwardsville, IL 62025

If a letter of minimal or no effect to the natural resource base is issued, the fee will be waived and no charge will be due.
NOTICE

A Consultation Report from the Illinois Department of Natural Resources is required to accompany your application.

To comply with the Illinois Endangered Species Act [520 ILCS 10/11(b)], Illinois Natural Areas Preservation Act [525 ILCS 30/17] and Interagency Wetland Policy Act of 1989 [20 ILCS 830] state agencies and units of local governments are required to consider the potential adverse effects of proposed actions on Illinois endangered and threatened species and sites listed on the Illinois Natural Areas Inventory.

Title 17 of the Illinois State Administrative Code Part 1075 establishes procedures for assessing impacts of agency actions on endangered and threatened species and natural areas. Per Section 1075.30 consultation is required when any construction, land management or other activity authorized by a local unit of government that will result in a change to the existing environmental conditions/and or may have a cumulative, direct or indirect adverse impact on a listed endangered species or its essential habitat or that otherwise jeopardizes the survival of that species and/or may have a cumulative, direct or indirect adverse impact on a Natural Area shall be evaluated through the “ECOCAT” consultation process.

An evaluation of direct or indirect impacts on the Natural Area is required through the ECOCAT consultation process. This includes but is not limited to the following:

- Changing existing drainage characteristics or sedimentation patterns;
- Grading or alterations to existing topography;
- Preliminary Plats;
- An application for rezoning from a non-urban classification to an urban classification (e.g. from agricultural to residential) or a change from one urban classification to another on land not used in its entirety for the original classification.

Access to the ECOCAT (Ecological Compliance Assessment Tool) is available through this link: http://dnr.illinois.gov/EcoPublic/. Frequently asked questions are addressed and access to the consultation process is available through this introductory page. If you have questions or comments pertaining to the process and reports please send an email to: DNR.EcoCAT@illinois.gov

The fees for the consultation process are the applicant’s responsibility. Please note the process may take 30 days or longer. Please allow adequate time for conclusion of the consultation process for your project. A copy of the consultation report for your project shall accompany your application to the City of Edwardsville for your project to allow it to be scheduled on the appropriate Board/Commission agenda for further action.
